

BY FAITH.

A Little Child Restored to Health Through Healing Ordinance.

The subjoined statement of healing by faith appeared in the Monroe Evening News of March 19. It is sent to this office in a letter dated Mosley's Bluff, in the Louisiana conference, March 30, by Elders Hanson and Livingston, who are laboring in the Southwestern States mission:

"We wish to acknowledge truthfully the hand of the Lord in the restoration of our little child's health. I am a believer in Christ and His doctrines, and think He gives us the great prescription that has ever been given to man, viz.: 'The shall lay hands on the sick and they shall recover,' Mark 16. Furthermore, in commissioning His Apostles, He said: 'Go ye into all the world and preach the Gospel to every creature: he that believeth and is baptized shall be saved and he that believeth not shall be damned and these signs shall follow them that believe.' Mark, 16: 15. These signs were promised as was salvation to all who believe.

"March 13, 1903, our little child had fever and was very sick, rash and skin eruption making it impossible for him to rest. We requested Elders Hansen and Livingston, of Utah, representatives of the Church of Jesus Christ of Latter-day Saints, to administer to him, knowing that they claim to believe in Christ and His doctrine.

"They promptly responded, anointing him with oil, and prayed God in the name of the Son to heal him, James, 5: 14.

"The child was restored to health, for which we give all praise to the Lord,

"These servants of the Lord do not claim these powers of themselves, but in all things acknowledge the hand of God, knowing how little man can do of himself.

"I would invite all who hear or see these ministers, traveling as ministers of old without nurse or scrip, to give them a hearing for I testify that I have found their doctrine to be in strict accordance with that of the Bible, and that signs do follow the believers.
